## Tansi Emergency Shelter Opening - More than just a warm bed

Staff of the Tansi Friendship Centre Society have been busy preparing for the January 10 opening of the new Emergency Shelter in Chetwynd. The shelter provides warm meals, shower and laundry facilities, and a warm and safe place to sleep for up to eight people in need of emergency housing, including two separate rooms appropriate for families.

The Emergency Shelter building, which was previously Tansi's main office, has been renovated and furnished to make it suitable for its new use. The renovations and start-up costs have been funded by a variety of grants and donations. Tansi will continue to pursue further funding to cover the long-term operating costs.

A number of organizations, including the District of Chetwynd, Chetwynd RCMP and RCMP Victim Services and South Peace Community Resources Society, have provided ongoing support for the project. These organizations, partnered with Tansi on the planning committee to guide the development and operation of the shelter. Tansi is very grateful for their help, and the generous support of local businesses and groups, that have helped to make this project possible. Businesses like Conuma Coal, SNOW House Dawson Creek, The Brick, TBK Watson Carpentry, Bj's Furniture and Feed, Platinum Hot Shot, and Yvonne and Patrick Paquette. Homelessness is not always visible, but is a growing problem in the province and in our community.

It may result from family instability, chronic physical health and or mental health issues. People coming from foster care or youth group homes, or may have experienced homelessness as youth, but didn't receive sufficient support to overcome their challenges. The connection between trauma, addiction and homelessness is strong. A homeless person may find themselves trapped in a situation where support and social ties continue to erode, physical and mental health worsen and addictions escalate to cope with the stress of deteriorating conditions.

## Tansi Emergency Shelter Opening

The Emergency Shelter has a full-time staff of supervisors, including access to a Mental Health and Addictions Counselor, who can provide a range of services and support. The staff will assess individual needs, create case plans, and advocate and act as a liaison when referring clients to services such as crisis and counselling. The goal of shelter staff is to bridge people with treatment services and financial supports that ultimately can end the cycle of homelessness and poverty

The Tansi Emergency Shelter is located at 5301 South Access Road, and operates daily from 4pm to noon. The shelter can be contacted by calling the Tansi switchboard at 250-788-2996

I've given up social media for the New Year and am trying to make friends outside Facebook while applying the same principles. Every day, I walk down the street and tell passersby what I've eaten, how I feel, what I did the night before, and what I will do tomorrow. Then I give them pictures of my family, my dog, and me gardening. I also listen to their conversations and tell them I love them. And it works. I already have three people following me—two police officers and a psychiatrist.

## Winter Parking and District Roads Information Everyone Should Know

Winter comes with snowfalls and snow removal is always a concern. When removing snow from your property it is required that the snow pile must remain on your property and not be pushed across the roads and onto district property or other private property.

The District of Chetwynd is committed to keeping all our roads safe for all citizens and therefore any vehicles parked in a manner that interferes with effective snow removal may be removed.

A full list of the District of Chetwynd Bylaws can be found on our website at [www.gochetwynd.com](http://www.gochetwynd.com) under the heading Municipal Office/Bylaws and follow the link.

**The Streets and Traffic Regulation Bylaw # 909, 2009 section 5.13:**

**Obstruction of Motor Vehicles**  
No vehicle shall be left standing or parked:  
(iv) in a position that causes it to interfere with the construction, improvement, maintenance, alterations, extension, widening, marking, or repair of or snow removal from a highway.

The District of Chetwynd's Snow Clearing Policy, snow plowing will begin after 50mm of snow accumulation, roads will be plowed on a priority basis and residential streets will be plowed within 48 hours following the subsidence of the snowfall. If vehicles are parked on residential streets following a snow fall, the road will not be cleared until all vehicles have been removed and it has been deemed safe by the District. For further information regarding this or other Bylaw related questions please call Bylaw Enforcement at 250-401-4119

Student: I don't understand why my grade was so low. How did I do on my research paper?  
Teacher: Actually, you didn't turn in a research paper. You turned in a random assemblage of sentences. In fact, the sentences you apparently kidnapped in the dead of night and forced into this violent and arbitrary plan of yours clearly seemed to be placed on the pages against their will. Reading your paper was like watching unfamiliar, uncomfortable people interacting at a cocktail party that no one wanted to attend in the first place. You didn't submit a research paper. You submitted a hostage situation

## Some Restrictions Lifting In BC

Many health restrictions in BC are being extended today, but gyms and fitness centres were allowed start reopening on Thursday (January 20th). Dr Bonnie Henry said businesses will be under strict COVID-19 safety plans. "Much of this is based on what we learned when we had our phased restart of gyms and fitness centres in 2020 and 2021."

The number of people allowed in gyms at the same time will be restricted, with rules like 7 metres squared of space needed between each person, to a maximum of 25 people. "These new guidelines have been developed, and we've been working very closely with the Fitness Industry Council of Canada." Masks will be required at all times, except for when working out. Henry also noted that there needs to be enhanced ventilation with no fans or heaters, and pre-bookings and time between classes should be considered.

Restrictions were originally set to expire today (Tuesday), and were implemented on December 21st, 2021. Those additional measures that were extended for the province will be reviewed on February 16th, and include:

- no organized indoor social events and gatherings of any size;
- concerts, sports games and theatres reduced to 50% seated capacity, regardless of venue size;
- closing bars and nightclubs;
- and limiting table sizes at restaurants, cafes and pubs to a maximum of six people per table with physical distancing or barriers
